

Senior Thesis Presentations

- You will give a 20 minute presentation followed by 5 minutes for questions. Make sure you practice and time your talk.
- An overhead projector for transparencies will be available.
- If you want to give a PowerPoint presentation, let me (MJS) know. You will have to bring it to me IN ADVANCE on a memory stick for downloading onto my laptop since we won't have time to switch computers. If you have a Mac, make sure all of the figures work on a PC. If they don't, convert the talk to a pdf file before you give it to me.
- Please arrive at 5:20 each day. We have a tight schedule and must start on time.
- Schedule:

Monday, February 5

5:30 – 5:50	Brian Klein
